Art Unit: 1712

1. The following is an examiner's statement of reasons for allowance: The claims as amended are neither taught nor suggested by the prior art. This is consistent with that noted in the previous office action. To clarify the claims, the Examiner notes that in the specific resins shown in claims 5 and 6, in the unit represented by the formula having the alkoxy and hydroxy groups, the hydroxy and alkoxy groups must be attached to the same Si atom. This is apparent from the formula shown in which subscripts "a" and "b" are in the same unit formula having one Si atom and "a" and "b" must both be greater than 0.

As an aside the Examiner notes that only "A" references were cited in the International Search Report.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Margaret G. Moore whose telephone number is 571-272-1090. The examiner can normally be reached on Monday and Wednesday to Friday, 10am to 4pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on (571) 272-1302. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
